HIGH SCHOOL GRADUATES CHOOSE FROM FOUR PROGRAM AREAS (BACHELOR OF EDUCATION)

ARTS EDUCATION

The Arts Education program

- Prepares teachers to work in K-12 schools (Elementary and Highschools) and alternative educational settings.
- Students are required to take core interdisciplinary Arts Education courses in the following areas: Dance, drama, literature, music, and visual arts.
- Students select an arts concentration.
- Program includes a variety of practical experiences.
- A combined Bachelor of Education (4 year)/Bachelor of Arts (3 year) is possible in some Arts Education concentrations.

ASK US

Did you know you don't need a background in the arts to become an arts education teacher?

BACCALAURÉAT EN ÉDUCATION

The Baccalauréat (Bac) en Éducation program

- Prepares teachers to work in French (Francophone or French immersion schools and Core French) in Elementary or Secondary schools.
- French is the major area of study for all Bac programs.
- The secondary program requires a minor in one of the following areas: mathematics, social sciences, fine arts, physical education, English, or general sciences.
- Students receive most of their instruction in French.
- Students are required to complete their second year at Laval University in Québec City.

SECONDARY EDUCATION

The Secondary Education program

- Prepares teachers for employment in highschools.
- Students develop knowledge of content and teaching ability in their major and minor subject areas.
- Major subject areas are English, French (core), health, mathematics, music, physical education, social studies, and sciences (including biology, chemistry, general science, and physics). Minor subject areas are dance, drama, English, French, health, mathematics, music, outdoor education, physical education, social studies, inclusive education, visual education, and sciences (including biology, chemistry, general science, and physics).
- The following 5-year combined Bachelor degrees are offered: B.Ed./B.Kin. (Physical Education/Physical Literacy), B.Ed./B.Mus. (Music Education and Music), and B.Ed./B.Sc. (Mathematics Education and Mathematics).

ELEMENTARY EDUCATION

The Elementary Education program

- Prepares teachers for employment in elementary schools (pre-K to Grade 5) or Middle years (Grades 6 - 9) schools.
- Students develop knowledge in the following core curricular areas: arts education, health, English language arts, mathematics, physical education, science, and social studies.

Each program area leads to a 4-year Bachelor of Education degree and full teacher certification.

Students in each program will experience several in-school experiences and a semester-long internship

REASONS TO APPLY TO THE UNIVERSITY OF REGINA FOR A DEGREE IN EDUCATION

1. **BE SUCCESSFUL:** Our faculty are strongly committed to preparing teachers for success in the 21st century's diverse and dynamic classrooms.
2. **BE SUPPORTED:** Students are supported by knowledgeable advisors as they navigate their programs to an education degree.
3. **BE EXPERIENCED:** Students have extensive in-school experiences throughout their program, including a semester-long internship in their final year.
4. **BE CONNECTED:** Class sizes are smaller and students take most of their education courses with the same group of students, giving them the opportunity to build lifelong relationships with peers and professors.
5. **BE A PROFESSIONAL:** Students have opportunities to participate in their Education Students' Society, which focuses on professional development (PD) and provides funding for numerous PD activities and events.
6. **BE EMPLOYED:** Students are supported in applying for positions upon graduation. We also co-host an annual Education Career Expo to provide students the opportunity to make connections with potential employers. We have an excellent reputation resulting in our grads being highly sought in Saskatchewan, Canada, and beyond.
7. **BE PREPARED:** A unique internship seminar prepares cooperating teachers, intern students, and their faculty advisors for the best possible internship experience.
8. **BE A TEACHER IN AN AREA OF INTEREST:** Students can choose from four education programs: Arts Education, Baccalauréat en éducation, Secondary Education, and Elementary Education.
